

How to find us

Titisee

We recommend that you stop the coach at the parking-lot (P1) shown above, coming from Schaffhausen B315 drop your guests off to walk down under the road to the restaurant. The bus should then drive to the main bus parking-lot (P2) to collect the clients afterwards. (P2 is the parking-lot you use when coming from B31 Frbg/Donaueschingen). When ready to leave, please advise your guests not to walk up the main pedestrian zone, but to take the quieter and more leisurely walk down by the lake to enjoy the scenery. After passing Drubba boathire, take the path to the left down to the lake (red in the map) and walk right along the lakeside, past all the boats and piers until you come to a tunnel. Go through the tunnel and when you come out, turn to the right, up a slight slope to the main road. Cross the road and go towards the „Kurhaus“ with the group, take the path directly by the building, leading to the right, until you come to the pedestrian bridge, cross the bridge and you will see your bus. (see red line in plan)
